Milk Replacer for Calves

Mapleview Easy Start

Mapleview Easy Start is a highly digestible skim milk based milk replacer formulated using the most recent scientific information and designed for excellent growth of young dairy calves. It is formulated, using a blend of ingredients, for quick dispersion resulting in a milk replacer with a highly desirable texture and aroma to stimulate the young calf's appetite. Optimal digestibility for the young calf is maintained whether the milk replacer is used in a computerized feeding or hand mixing system.
