**Mapleview Kid Start**

# Mapleview Kid Start

**Mapleview Kid Start HP** is a highly digestible skim milk based milk replacer formulated using the most recent scientific information and designed for optimal growth of young kid goats. Formulated, with a lower PH using a blend of ingredients, for quick dispersion resulting in a milk replacer with a highly desirable texture and aroma to stimulate the goat kid's appetite. Optimum digestibility is maintained whether the milk replacer is used in a computerized feeding or hand mixing system.

- **Quick and Easy to Prepare**
- **Designed for Optimal Growth**
- **For Use In Computer Feeders**
- **Highest Quality Ingredients**
- **Acidified for a lower PH**
